

Childcare at its very best

New premises and great team promotes growth

Waikato Family Homebased Childcare (WFHC) was established in 1995 and since then has provided childcare at its very best with the philosophy, children come first.

In the past, the WFHC office was run from Jenni and Jim Ellis' home.

Due to the continual growth of the company, a move to larger premises was necessary.

The ideal location and property was found at 348 Te Rapa Road.

Once they overcame the hurdles of obtaining resource consent, they were finally able to complete the alterations and improvements.

In April this year, they moved into new professional offices that represent the high standard of care and education Waikato Family Homebased Childcare provides.

This move has been a huge

success and they would like to thank everyone involved in this project.

A purpose built toy/resource library is located for the free and exclusive use of their Educators' care children.

This library provides an opportunity for Educators to

support and enhance the learning and enjoyment their care children receive.

WFHC also offers fantastic interactive play, music and gym groups for free.

Waikato Family Homebased Childcare is extremely proud of its team of staff and educators,

that provides exceptional care to children and parents.

It is without a doubt the heart and soul of WFHC.

With its exceptional team and new premises, this high quality childcare provider will continue to grow to new heights.
